

THE NEW Chalifoux Store

—A T—
1916 THIRD AVENUE

—OPENS—
Thurs., Sept. 19

A Mens Wear Store of the Newest Kind

ABOUT THE STORE

WE ARE GOING TO OPEN the newest kind of a store in Birmingham, and we feel that we are qualified to carry out the policies and principles hereinafter set forth in good faith to ourselves and to the public.

We are going to sell only dependable merchandise on a "CHALIFOUX" basis; that is, we must know an article is right before we buy it; we must know that the price is right before we offer it for sale. We enjoy exceptional buying facilities by reason of ample capital, and the character of our offerings will commend itself to your approval on your first and subsequent visits.

Every article sold in the store is guaranteed. If it is not right, or the purchase is unsatisfactory in any way, it will be cheerfully corrected, and, if desired, the money refunded in the most pleasant manner possible.

Our stock being entirely new, contains only the very latest style effects in each department. We ask you to take our word for it until you have visited the new store. After that our merchandise and our treatment will make of you a steadfast customer of our store.

ABOUT THE GOODS

Ours is a strictly "Men's Wear" store, whether the man be three years old or seventy. We shall have the fullest assortment of all merchandise to fit and please all ages.

Our Clothing Department being the principal one, it was a problem to secure for you and ourselves a make of clothing that would insure success for our store from the start. We will show in greatest variety the ALCO SYSTEM make of clothes. These goods, manufactured on the premises of the makers under favorable conditions, and in the old-fashioned method by hand, are bound to prove not only attractive, but satisfactory as to wear and appearance. Our initial stock of the ALCO SYSTEM of Clothes-making will convince you that the custom tailor has outlived his usefulness. We have done all the style study for you, besides considering materials, making and fit. Fabrics are hard twist and undressed worsteds, and soft-faced cassimeres. Many of the colorings for the coming season are new, embracing variations in browns and lead effects, and will be found mostly on conservative lines. Some of the coat sleeves have the new cuff effect, and the vests for the youngish man have also flaps on pockets. We have no desire to handle freak clothing, but all our stock is extremely stylish, yet in good taste.

We are enthusiastic about our clothing, but would prefer to have your opinion backing up our statements, rather than make extravagant claims, which, however, we thoroughly believe our stock will sustain.

Our prices for quality will be found correct in every instance, and in many cases more modest than you will expect to find for the garments shown. Our range of prices will be found from the cheapest grade that can be recommended to the very finest clothing made.

J. C. RICHARDSON'S UNTIMELY DEATH

Prominent Lawyer Found Dead
in Room

CAUSED BY AN ACCIDENT

Judge Retired Suffering From Head-
ache and Was Overcome By Fumes
of Chloroform Which He
Had in His Room.

Selma, September 16.—(Special.)—A telephone message from Hon. Claude Hamilton at Selma to Judge P. H. Pitts this morning told of the death of Hon. Terry McCall Richardson, the sad news being communicated to the father of the deceased, Judge J. C. Richardson, by Judge Pitts at the Acadia Hotel. Judge Richardson reached Selma last night, having exchanged circuits with Judge B. M.

Miller, who opened court today in Luverne.

Hon. Terry Richardson left Montgomery yesterday and went to Luverne to attend court, having several cases on the docket. He was seen by Selmans in Montgomery Saturday and as he left them he called to them, "Take good care of the Judge during his stay in Selma," referring to his father, between whom was the warmest affection and closest companionship. The information as to the death of the young man was that he had a severe headache last night and upon retiring took a bottle of chloroform to bed with him, seeking relief. In some manner he was overcome by the powerful fumes and this morning when his door was knocked upon to awaken him he was found cold in death.

The blow was an awful one for the good father. It was broken as gently as possible to him by Judge Pitts, but its severity was great. Twenty years ago the young man, then a boy of 12, was left to the entire care of his father by the death of his mother. He was the very core of his father's heart and his death in the very prime of life with the future bright before him, with a wife and son to love and cherish, is indeed a sad visitation.

Hon. Terry Richardson was 32 years old last Christmas. He practiced law in Troy and from the latter place went to Montgomery to live. He was appointed judge of one of the courts in the Montgomery months, making an excellent judicial officer. He has taken a prominent part in the councils of the democratic party and was ever ready to lend his time and talents to aid the democracy. Judge Richardson, his father, left this afternoon for Montgomery.

Court Adjourned.

At noon today at the time when Judge Richardson was to have convened court Sheriff Doherty announced that court would adjourn until 9 o'clock Tuesday when Judge B. M. Miller would open court.

Upon receipt of the news of the death of Judge Richardson's son, Hon. H. S. D. Mallory, president of the Dallas Bar association called a meeting of the bar at 10 o'clock and Hon. H. F. Reese was unanimously selected for recommendation to the governor for appointment until Judge Richardson could return.

Shortly after the meeting adjourned Judge Pitts received a telegram from Judge B. M. Miller in Luverne stating that he had adjourned the Crenshaw county circuit court for the term and would reach Selma tonight and would hold court Tuesday morning.

Negro Killed.

Saturday night on the Crenshaw place near Harrells in this county, occurred a killing in which William Crenshaw was the victim of a pistol shot fired by Tom Smith, both parties being negroes. Just what caused the trouble is not known. There was the usual Saturday night pay supper and a number of negroes were gathered around quarreling and playing, teasing and making sport of each other. Suddenly Tom Smith pulled his pistol and fired two or three shots. William Crenshaw cried out he was shot and is said to have remarked: "Tom, what did you shoot me for?" "I never shot you," Tom is said to have replied. "You know you did, too," was the rejoinder of the victim and he fell over dead.

Deputy Sheriff Arthur Williams was at the scene of the shooting a few hours after its occurrence, but Tom Smith had made good his escape, and had not been heard from at this writing.

In Mayor's Court.

In the Mayor's court this morning Leo Crystal's case was called and continued until Thursday. He is charged with disorderly conduct of an aggravated nature.

Four denizens of the restricted district were in court this morning, a "conversation party" having occurred on the street in front of the house of one of the number on Saturday night. Ten dollars was assessed against Maude Taylor, Edna Martin, Mammie Walker and Mary Gray, and an additional \$10 being added to the latter for being a vagrant.

FELL TWO HUNDRED FEET.

Tumbler Is Taken to a Hospital, But Not Hurt Much.

New York, September 16.—John Schmidt of Brooklyn, tumbled two hundred feet down the Palisades at Weehawken, N. J., and has only bruises to show for the adventure.

Having failed to find friends, he attempted to climb down the palisades, where the hill slopes off gradually. Losing his footing, he rolled down the hill and struck the highway, which at that point is about midway between the bottom and top of the cliff. His physicians at St. Mary's hospital in Weehawken, decided that his injuries were superficial.

Negotiations Continued.

Casa Blanca, Sunday, September 15.—A delegation from two of the Moorish tribes had a long conference today with General Drude, the French commander; Admiral Philibert, and M. Regnault, the French minister to Morocco, on the subject of peace, but the delegation admitted that they did not represent all the hostile Moors. The negotiations will be continued.

PERSONAL

Roy McCallough, secretary of the board of trade, returned yesterday from a vacation trip to Ingram Lithia Springs.

L. & N. RAILROAD ISSUES COUPONS

Rebate Will Be Given if Law is
Sustained

NEW FORM OF A TICKET

Railroad Will Give Passengers Half
Cent Per Mile Rebate When the
State Law Is Decided Constitutional.

Agents in every ticket office in Alabama have been supplied by the Louisville and Nashville railway with a new form of ticket, bearing an attachment containing a rebate coupon. The coupon is good for one-half cent per mile in the event that the company loses its suit in the federal courts regarding the two and one-half cent clause provided by the legislature for the state of Alabama. The new form of ticket and the instructions regarding it were sent out over the state by the headquarters Sunday.

It is generally supposed that this action on the part of the officials of the road is to forestall an extra session of the legislature, and to comply with the law in an indirect way should it be compelled to retreat from the position it has held for the past two weeks regarding the new two and one-half cent

Jamestown Exposition Now Complete

Two Sleepers leave Birmingham
daily at 6:25 a. m.

Very low rates, 10, 15 and 60-day limits; privilege of going one route and returning another. Stop-overs Washington, Baltimore, Philadelphia, New York, Buffalo and various other cities. Fast trains, quick time via Cincinnati. Dining Car service unexcelled. Do not fail to see the Jamestown Exposition; you will regret it always. Further information furnished cheerfully.

CITY TICKET OFFICE
1925 First Ave.

Telephone: Peoples 616

passenger rate. The coupons were issued by the corporation without notice to the general public, and the action of the road is a surprise to many who have watched its previous course regarding the reduced rate.

It is seen from the circular issued to agents that they are authorized to give coupons in connection with interstate tickets to all points in the state, except on connections with the Southern Railway, the Frisco System, the Mobile and Ohio and the Alabama Great Southern. A number of railway men of other systems expressed their opinion of the matter last night, and the general consensus of opinion was that the attempt of the Louisville and Nashville to comply with the technical provisions of the law, without meeting its spirit as has been done by a number of other lines, would not be acceptable to the general public or to the lawmakers of the state.

GAME LAWS ENFORCED.

In One County the Officials Had to Pay
Heavy Fines.

Montgomery, September 16.—(Special.)—While there are no means at hand of estimating the number of hunters' licenses that will probably be issued this year, yet it is a significant fact that a large number of probate judges have written to the state game and fish commissioner for more hunters' licenses blanks, having sold already those sent them, and the hunting season is not yet fully opened. Sportsmen realizing the fact that all hunters' licenses expire on December 31, seem to be providing themselves, and being thus duly equipped they will be ready to invade the fields and enjoy the excellent sport that will await them when the hunting season is fully on.

John H. Wallace, Jr., state game and fish commissioner, has instructed the county wardens that no infraction of the game and fish law would be tolerated. How well his instructions are being carried out is evidenced by the fact that in one county the state senator, sheriff and the county solicitor were convicted under the game law. The following item from the "Florence Herald" shows how the law is regarded in the county of Lauderdale:

The Herald says: "The new game law is being rigidly enforced in Lauderdale county, regardless of the offenders, whether of high or low degree. The motto of the officers seem to be, 'Hew to the line, let the chips fall where they may,' as the following incident will prove. Nick Winn, and Dr. Brock went to the farm of Mr. Williams near Centre Star to shoot doves, being under the impression that the season was open for the killing of those birds. Mr. Williams joined the two men in a hunt on his own land and quite a number of doves were shot. Result—Mr. Williams and Mr. Winn were taken before a justice of the peace at Centre Star while Dr. Brock appeared before Justice Lamay and were heavily fined. This shows that the game law is not a dead letter and it also shows that ignorance of the law or supposing that the season is open is not being accepted as an excuse. The parties fined are satisfied that justice was meted out in their cases."

Aeronaut Landed Badly.

Warsaw, Russia, September 15.—A parachute performer who went up in a balloon from a country fair in this neighborhood yesterday, had the misfortune to land near the Warsaw barracks and was promptly arrested by the soldiers as a suspicious character and taken to prison.

A full supply of Horses and Mules now on sale at the Terminal Stock Yards, Second ave. and 27th street.
Haynes-Donahoo Horse and Mule Co.

MUST PAY FULL AMOUNT.

Sureties for Postal Employees Are Liable for Deficits.

Chicago, September 16.—Judge Sanborn of the United States court today decided that surety companies which sign bonds for postal employees who take money from the mails are responsible for the full amount stolen.

The decision was given in the case of the United States against the American Surety company, the latter having signed bonds for a postoffice employee who stole \$40.

The company contended that it was liable only for \$25, the amount the government is compelled to make up in a case where a postal clerk steals money from letters.

The government claimed that the company was liable for the full amount stolen.

INNOCENT MAN IN PRISON.

Proof Is In Proper Hands and He Will Be Liberated.

San Francisco, September 16.—After having served thirteen years in San Quentin penitentiary, it developed yesterday that William Evans, one of the convicts, is an innocent man. Proof positive that he did not commit the crime for which he was sentenced is now in the hands of the proper authorities. The judge who passed the sentence declares Evans is innocent, the man who prosecuted him made death-bed statements that he was innocent and in a short time Evans will be allowed to leave the penitentiary.

Evans was convicted in Amador county of burglary and sentenced to life imprisonment.

BIRMINGHAM MON., SEPT. 30

SHOW GROUNDS AT SMITHFIELD PARK

Presenting under Ten Acres of Water-proof Tents
